Dear Sir/Madam

Re: Notice of Change to Scheduled Road Closure

Continuing works for new Medium Pressure Gas Main on Bury Road.

From Monday the 11th of April SAS will be closing off the stretch of Bury Road from the Hill Road crossroads to Little Saxham. A diversion route has been set up and this is detailed overleaf. The closure and diversion are scheduled to run until Friday the 8th July, and during this time access will be maintained to and from all properties within the closure.

Special Access will be arranged for the planned Open Garden Event at Moat House on Sunday the 1st May from 12pm to 6pm.

We apologise for the short notice to this closure, but due to circumstances beyond our control Suffolk Council have required us to move this phase of the road closure forward to prevent congestion within Bury St Edmunds.

Should you have any queries please do not hesitate to contact SAS Utility Services Ltd on 01752 813325.

Yours faithfully

Stephen Smith.
Operations Director
For and behalf of SAS Associates

Please see page 2 for diversion route.
